Ebony Cloth Interior interior, The 2020 Ford S-Max Titanium is a versatile and well-equipped option for those needing space and practicality. This S-Max, with its 2.0L diesel engine, offers a compelling blend of performance and efficiency, while meeting Euro 6 emission standards.

Inside, the Titanium trim provides a comfortable environment for up to seven occupants. The Ford SYNC 3 Radio system, complete with DAB, satellite navigation, Android Auto, Apple CarPlay, and Bluetooth, ensures connectivity and entertainment on the go. Convenience is further enhanced by automatic headlights, front and rear parking sensors, and keyless entry. The dual-zone electronic automatic temperature control maintains a pleasant climate for all passengers. The acceleration of 0-62mph in 10.7 seconds demonstrates its capability, making it a practical choice for families and those needing extra passenger space.
