Black Full Leather interior, This 2019 Ford Mondeo TDCi Titanium Edition presents an exceptional ownership proposition with its remarkably low mileage of just 37,000 miles, having been cherished by only one owner since new. Powered by an efficient 2.0L Euro 6 diesel engine, this Titanium Edition variant offers a compelling blend of performance and economy, achieving 0-62mph in a brisk 8.6 seconds. Inside, you'll find a wealth of technology and comfort, including the SYNC 3 system with an 8 inch colour touchscreen, Bluetooth, voice control, and USB connectivity, alongside a keyless entry and start system for effortless access.

Further enhancing the driving experience are the variable heated driver and passenger seats, complete with memory function for the driver's seat, ensuring personalised comfort on every journey. Practicality is also a strong suit, with rear compartment manual air conditioning providing a pleasant environment for all passengers and a generously sized boot offering ample storage for luggage or shopping. These features, combined with the Mondeo's refined driving dynamics and the specific low mileage and single owner history, clearly set this vehicle apart from others in its class.
